## **TECHNICAL DATASHEET of the "STUCCO MADREPERLATO"**

- Description: natural stucco for interior decoration.
- Main Characteristics:
  - natural: absence of any acrylic or synthetic resin, composition is based on vegetal resins and pure baked quality linseed oils

### **OTHER CHARACTERISTICS**

- Ready to use: no need to mix it with other products, not even to color it.
- Odorless: the total absence of synthetic resins leave the stucco odorless, it can be applied in any season, even with closed windows.
- Transpiring: the totally natural composition does not affect the wall transpiration characteristics.
- Non toxic: acrylic resins are infact totally absent; in case of contact with the skin rinse with water, don't use synthetic thinners.
- Fireproof: beeing made with water and vegetal resins our tests confirm that it is fireproof; while the fire-resistance classification has not yet been certified, we estimate that the "Stucco di Antiche Tradizioni" will be certified to comply with class 0 (maximum fire resistance).
- Working temperature: above 5°C.
- Tools: stainless steel triangular trowel. The tools size can be changed according to each application requirements ( 5, 8 or 10 cm).
- Tools Cleaning: plain water.
- Directions for Use: apply above the special "Background for Madreperlato" (see specific datasheet). Smooth with sandpaper n. 180/220 and remove the dust with a dry brush. Apply the " Stucco Madreperlato" touching the wall with spots about 10 cm apart until about 1 sqm is covered. Go back to the beginning and touch more spots until the surface is completely covered. Once this part of the wall is fully done, clean the trowel and pass the surface to remove any stucco running. One coat is enough to create the special colour effects of the Stucco Madreperlato.
- Hints: apply in spots and remove the stucco completely leaving no thickness.
- Drying: 10/12 hours, depending on temperature and humidity.
- Colour: white and 28 calibrated colours: four shades each of Straw Yellow, Old Times Pink, Green, Light Blue, Tawny, Ivory, Gray. The final effect is similar to silk.

- Polishing process: the Stucco Madreperlato is “self-polishing” while it dries up; there is absolutely no need to polish it with the clean trowel or to apply special waxes.
- Repairable: in case of damages or wall cracks, the coat of "Stucco Madreperlato" can be repaired.
- Maintenance: for cleaning use only alcohol at 94 C proof or higher.
- Yield: 20/24 sqm/liter.
- 
- Manpower: 2 sqm/hour of finished wall.
- Shelf life: unlimited in a fresh room closed in the original container. If part of the content has been used, close carefully the container and the remainder will still be usable for long time.

**IMPORTANT NOTE**

No special tool or technique is required to remove the "Stucco Madreperlato": 2 coats of standard paint are enough to cover the wall.
